NEW! Geometro Student Workbook Kit

1-03021-00 -- \$329.00

These materials, along with APH's Geometro, represent the basic concepts of geometry and help make instruction meaningful! The Student Workbook Kit for Geometro is designed for students in the elementary grades, and revolves around three kinds of tasks:

- Familiarizing students with various 3-D solids and their general properties
- Helping students grasp the difficult concepts of how 3-D solids relate to their 2-D representations
- Helping students understand how 3-D objects are made with 2-D objects

Students learn how to

- Identify and tactually analyze 2-D shapes
- Identify, build, examine, and tactually analyze 3-D solids
- Identify and compare properties of 3-D solids
- Construct nets of 3-D solids
- Identify 2-D figures that are nets of 3-D solids
- Match tactile drawings of 3-D solids with tactile graphic nets

Kit includes

- Tactile Pages
- Manipulatives (rod models, magnetic tiles)
- Magnetic Board
- Braille Pocket Folder
- Storage Binder
- Graphic Art Tape
- Teacher's Guide, Large Print
- Teacher's Manual, Large Print

The Student Workbook for Geometro is to be used with Geometro, which can be purchased separately from APH.

Geometro Sets:

GS16 Mini Set: 1-03022-00 -- \$94.00

GS22 Medium Set: 1-03023-00 -- \$121.00

GS56 Large Set: 1-03024-00 -- \$319.00

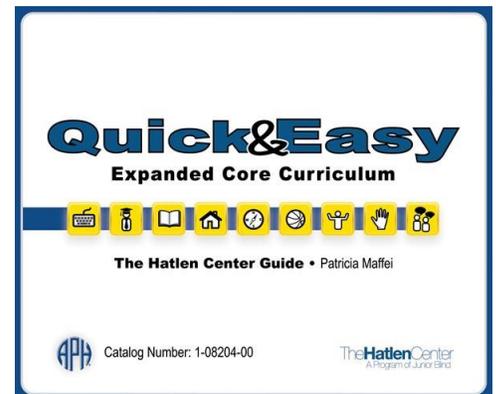

WARNING: Choking Hazard--Small Parts. Not intended for children ages 5 and under without adult supervision.

Quick and Easy Expanded Core Curriculum

1-08204-00 -- \$45.00

Over 140 lessons to address the nine areas of the Expanded Core Curriculum (ECC) in a variety of settings.

Quick & Easy Expanded Core Curriculum is designed for transition students who are visually impaired. The included lessons were chosen to address the most common gaps found within this population and require little time, expertise, or equipment to implement by the educational team and family members. The lessons, categorized by setting (home/school or community), are intentionally designed to be completed in 5–15 minutes. *They are not designed to replace a comprehensive program addressing the ECC.*

Each ECC lesson card is printed on durable paper stock and 3-hole punched for convenient storage in a custom-made binder. Visual icons within a color identification bar indicate ECC area(s) addressed by the lesson. Needed materials are listed in a different color bold font. Each lesson card measures 8 1/2 x 7 inches.

A Quick & Easy ECC Checklist is included to monitor an individual student's progress and serve as an informal assessment. The checklist is included in the binder as well as on the accompanying CD-ROM as a Microsoft® Excel® spreadsheet.

The Quick & Easy ECC Matrix (in both hardcopy and electronic formats) provides an overview of the ECC lessons covered in each lesson. The matrix key identifies the primary ECC area addressed, immersed ECC areas, and provision of a Try It lesson (a suggestion for home practice).

Example ECC lessons target the following skills

- Planning a menu
- Practicing conversation
- Giving & receiving compliments
- Labeling cans and frozen foods
- Making purchases based on a budget
- Expanding career knowledge
- Tracking medical history
- Spreading condiments
- Reading nutrition labels
- Properly using smart phones
- Learning customer service techniques

Quick & Easy ECC Kit Includes

- Binder with 142 lesson cards
- CD-ROM with accessible files:
 - Binder contents (.brf)
 - Matrix (.brf and .pdf)
 - Checklist (Microsoft Excel)

Note: The entire binder contents are only available as a braille ready format (.brf) file.

Recommended ages: Middle and high school transition students.
