## Letter from the Superintendent

Dear MSB Students and Parents:

Welcome to a new school year at MSB! By working together we can make this our most exceptional year ever.

Missouri School for the Blind has a tradition of quality instruction in which every student has the opportunity to learn in a safe and positive setting. To continue this tradition, we must all work together to ensure that we provide a positive, nurturing environment in which respect for learning and for others is emphasized. To that end we have developed this handbook, which describes the programs and services MSB offers, as well as the rights, responsibilities, policies and procedures that apply to all students, their families and staff.

Please review this handbook carefully to ensure that it answers your questions and provides the guidance needed. If you would like to discuss any aspect of this handbook or our programs and services, please don't hesitate to contact us.

Thank you – and best wishes for a pleasant and successful school year!

Sincerely,

Geoffrey Barney

Superintendent

## Vision, Mission and Beliefs

### Beliefs

At MSB, we believe

- Student success is our first and foremost responsibility.
- High expectations are critical to student success and are the shared responsibility of every staff member, student, family and stakeholder.
- Every student deserves a safe and high-quality learning environment in which they will be treated with dignity and respect.
- Every student has an individualized education plan based on their individual rate of learning and their assessed needs in all areas.
- Every student will be provided the opportunity to participate in community-based transition skills including educational, employment and recreational activities.
- Statewide interagency collaboration and sharing are beneficial and valuable to everyone providing services to students who are visually impaired and their families.

### Vision

Missouri School for the Blind has the finest comprehensive educational system for students with visual impairments in Missouri. MSB offers academics, expanded core curriculum and extra-curricular activities. MSB provides opportunities focusing on developing post-secondary education and training, meaningful employment, and life skills for all students.

### Mission

The mission of Missouri School for the Blind is to provide quality educational services, resources and individualized instruction, ensuring that students with visual impairments statewide achieve academic, social, employment, transition and independent living skills empowering them to enjoy full, productive lives.

## Governance

### Board of Advisors

Mr. Geoffrey Barney, Superintendent  
Ms. Barbara Stramler, Superintendent's Office School System Analyst  
Ms. Wilma Chestnut-House  
Mr. Eugene Edwards  
Mr. Philip Hamilton  
Ms. Lana Palmer  
Mr. Frank Selvaggio

Governance of Missouri School for the Blind (MSB) is entrusted to the State Board of Education which sets requirements for all Missouri's public education. The State Board directs and the Commissioner of Education supervises the Assistant Commissioner of Special Education. The Assistant Commissioner has the overall responsibility for all phases of special education including state-operated schools such as MSB.

The day-to-day operation of the Missouri School for the Blind is the responsibility of the Superintendent. MSB's vision and mission are fulfilled through:

- Educational Programs—Educational services for grades K through 12 are aligned with the Missouri Show-Me Standards, Grade Level Expectations (GLEs) and/or Course Level Expectations (CLEs), Missouri Learning Standards (MLSs) and the Expanded Core Curriculum for the Blind and Visually Impaired (ECC). Extra- and co-curricular programming includes varsity, junior varsity and intramural sports, clubs and academic competitions.
- Business Office—Fiscal management, food service and storeroom.
- Clinical, Ancillary and Residential Services – Health and counseling services, residential services on weekdays during the school year, and campus custodial services.
- Outreach Services—Technical assistance, Deaf-Blind services, distribution of large print and braille materials to public schools across the state, and family services to children from birth through five years of age.
- Community Relations—Public information, community liaison and school events.

## Educational Programs

### Alternative Methods of Instruction (AMI)

In the rare occasion that Missouri School for the Blind's campus cannot be open to the public, classes will be conducted via Distance Learning through a variety of methods including, but not limited to: Cisco WebEx Meetings, Zoom Meetings, Google Hangouts, etc. Students, parents/guardians, and staff will be notified via SchoolReach, voicemail, and e-mail as soon as possible with information regarding schedules, start times, etc. All students and staff are expected to participate in Distance Learning opportunities. All MSB policies including attendance, grading and our ZAP policy apply during Distance Learning. At MSB we understand that if we are in need of AMI, some of our MSB family may need an exception to these policies. Please feel free to contact the Assistant Superintendent if your student needs accommodations or an exception during an AMI session. As always, we will do our best to work with our families to meet our student's needs.

### Campus Visitors

Parents, relatives, and friends may visit MSB students. Immediate family members and guardians may stay overnight on campus if dormitory space allows; requests should be sent to the Community Relations office at least three days in advance for those wishing for overnight accommodations. Such requests are granted based on available space. If desired, please submit any meal requests at the same time. Friends and siblings must be supervised by an adult. Parents/guardians wishing to spend extended time with their student should take them off campus. A place on campus can be designated if parents/guardians prefer not to leave campus during visits. All visitors are expected to follow MSB rules, and it is requested that an appointment be scheduled in advance with the desired division. MSB staff will make every effort to accommodate all requests. For safety reasons, all visitors must observe the following:

- Sign the Visitor's Registration Sheet at the front desk;
- Obtain a visitor's badge by having a state-issued photo ID scanned at the front desk, and wearing the visitor's badge while on campus and return it on departure;
- Wait to be escorted by a staff member or receive clearance to access the campus.

Students are expected to attend classes and are not permitted to "skip" classes because they have a visitor. Visitors are strongly encouraged to schedule visits during non-school hours but are welcome to observe, but not interrupt, their student's classes.

### Definition of School Day

School is in session from 8:25 a.m. to 3:36 p.m. Participation in academic labs, selected related services, MSB LIFE and the Work Experience Program is determined on an individual basis.

Although instructional in nature, these activities may be continued or conducted during non-school hours.

### Definition of Non-School Hours

Non-school hours are hours that are before or after the regular school day. In most cases, students affected by these periods of the day are residential students, students who have jobs on or off-campus, and/or participate in sports, academic labs, or other extracurricular activities such as clubs and intramural sports.

### Grading Policy and Procedure

Based on the IEP team's recommendation, alternative grading methods including pass/fail and anecdotal reports may be used.

All elementary, middle and high school students are graded according to the following scale:

*Table 1, Grading Scale*

Range	Grade
90-100	A
80-89	B
70-79	C
60-69	D
0-59	F
Incomplete	I

In an effort to maintain high levels of academic rigor, MSB applies strict grading practices to all courses. Grades are based only on each student's ability to meet the educational objectives for a given course as described in MSB's approved curriculum. If a student's IEP team determines that the objectives for a course are not appropriate for a student and that student would still benefit from participation in the course, the IEP may determine which objectives will be met and/or identify specific modifications the student needs to meet the course objectives. All changes to the MSB curriculum must be made by the IEP team prior to initiation. Student grades do not include participation, attendance or behaviors reported in the anecdotal comments section of the Weekly Progress Report and Comments section of the student grade card.

At MSB, adequate data is collected to measure students' progress, determine the course of instruction and determine grades. All instructors are expected to collect evidence of student achievement in a systematic manner. Instructors collect and record at least two formative grades per week which evaluate students' understanding of the curriculum objectives that are currently being taught, record their progress in the Tyler Grade Book, and use the information

gained to plan future instruction. Instructors collect and record summative data which assesses students' retention and understanding of the key concepts associated with the current unit as well as overall course objectives at least once every two weeks. Students are expected to complete all assigned work; Zeros Aren't Permitted (ZAP). If a student is absent from school they will be given the same number of days to hand in their assigned work as they were absent. For example, if a student is absent for 3 days, they have 3 days to hand in their work before being assigned to the ZAP room (detailed under ZAP, page 11). At times, it is not possible for a student to complete a course in the given timeframe. If a student has outstanding work at the end of the quarter they will be given an Incomplete on their grade card. Students who receive an incomplete will have one quarter to complete the necessary work to allow the teacher to determine the final class grade. Incompletes become F's at the end of one quarter. Exceptions may be made under certain circumstances with the permission of the Assistant Superintendent.

[High School Graduation Requirements Set by the State Board of Education](#)

The state minimum high school graduation requirements comprise 24 units of credit that must be earned between grades nine and twelve. The requirements are stated in the number of credit units that must be earned in each subject:

*Table 2, Required Subject Credits*

Subject	Units
Communication Arts	4.0
Social Studies	3.0
Mathematics	3.0
Science	3.0
Fine Arts	1.0
Practical Arts	1.0
Physical Education	1.0
Health Education	.5
Personal Finance	.5*
Electives	7.0
Minimum Required	24.0

\*The .5 unit of credit unit of Personal Finance may be earned in Social Studies, Practical Arts or as an elective. If earned in Social Studies or Practical Arts, the required credit units are reduced by .5 (i.e., Social Studies from 3.0 to 2.5) and the elective total is increased to 7.5.

Students are required by the State of Missouri to pass the United States and Missouri Constitution tests prior to graduation. The Constitution tests are embedded in the American

Government course at MSB. Missouri law requires that high school students pass an American Civics exam in order to graduate. This exam will be administered as part of the district's 9th grade United States History curriculum. High school students are required by Missouri Law to receive thirty minutes of CPR instruction and training in the proper performance of the Heimlich maneuver or other first aid for choking in order to graduate. This instruction shall be included in the district's existing health curriculum. High school students must receive this instruction and training as required by Missouri law in order to graduate. The Missouri Department of Elementary and Secondary Education also require documentation that each student has completed End of Course Exams in the following subjects: Algebra I, English II, Biology and American Government. Any specific graduation requirement may be waived for a student with disabilities if recommended by the student's IEP Committee. Students whose IEP teams have determined the MAP-A alternative is the appropriate assessment must take the MAP-A assessment for English language arts grade 11, science grade 11, and mathematics grade 11.

### [Honors and Awards](#)

Each year, special recognition is given to students who make significant progress, demonstrate excellence in academics, athletics and citizenship, or diligence in work habits. Assemblies are held quarterly to honor these students. Awards are presented not only by school staff, but also by representatives of local civic organizations and friends of the school.

### [Lockers](#)

Students in grades six (6) through twelve (12) may be assigned lockers to keep their books, jackets and school supplies. Students may provide their own locks or have one issued to them. However, MSB assumes no responsibility for loss of student property. Students should not share their lock combinations with anyone, leave their lockers open, or leave their locks preset. Food should not be left in lockers. The school reserves the right to search lockers at any time.

### [Make-Up Work](#)

MSB understands that there is no replacement for teacher directed instruction; however, in an effort to help our students keep pace in the curriculum, all teachers are required to assign Make-Up Work when students are absent from instructional time. Make-Up Work covers the same material covered in class during the time of the absence and is, in general, presented as ten (10) short-answer questions or problems (Math or Science). Students should ask the instructor for their Make-Up Work as soon as possible upon returning to school. Students will be given the same number of days to hand in their assigned work as they were absent from instruction (see ZAP Procedures). Make-Up Work is considered an assignment and is graded

and recorded in the Tyler Grade Book as a Formative Assessment. Make-Up Work is in addition to the required Formative and Summative Assessment (See Grading Policy and Procedures).

NOTE: Make-Up Work will be assigned to all academic students who are considered absent (see Attendance). Students are considered absent when they are not at school, in the MSB Health Center, or otherwise not present for instruction. Students who are in Related Services or school-sponsored activities are not considered absent.

### Money and Valuables

Students are requested not to bring money and valuables to school. The school assumes no liability for theft of money or personal belongings.

### Report Cards and IEP Progress Reports

Report Cards and IEP Progress Reports are sent home quarterly. Students obtaining a B average with no D, F, or I grades will be on the Honor Roll for that quarter.

### Standardized Testing

Achievement tests, End of Course (EOC) exams, Missouri Assessment Program (MAP), MAP-A (Alternate) tests, Dynamic Learning Maps (DLM), and American College Testing (ACT) are administered annually at appropriate grade levels as determined by the student's IEP Assessment Plan. Academic students participate in NWEA diagnostic assessment, part of the ACT assessment cluster, three times each year.

### Student Promotion and Retention

The ability to read proficiently is the basic foundation for success in school, as it is throughout life. It is the goal of primary school to teach each child to read independently with understanding. Teachers taking into account factors such as achievement, mental and chronological age, emotional stability and social and physical maturity may suggest that retention once or twice during this period would be in the best interest of the child. Given the above as a basic policy, retention after the third grade is advisable only in cases where a student is not meeting the grade level standards. Based on a teacher's recommendation to retain a student, the school will notify the parents/guardians as early in the year as possible but not later than the end of the third quarter. No student shall be retained in the same grade for more than two years. The school and student's IEP team are responsible for adjusting the curriculum in each grade to accommodate every child's needs and abilities and to provide an equal educational opportunity.

### Vending Machines

Students may purchase items from vending machines during morning break, at lunch and after 3:36 p.m. daily. Based on nutrition and wellness guidelines, the vending machines offer traditional as well as healthy snack choices.

### [Weekly Progress Reports \(WPRs\)](#)

WPRs are sent to parents/guardians. Copies are also provided to the student and academic advisors.

### [Youth Suicide Awareness and Prevention](#)

Protecting the health and well-being of all students is of utmost importance to Missouri School for the Blind. We believe mental health is just as important as physical health. Suicide is the second leading cause of death for 10 to 24-year-olds. More than twice as many young people die from suicide than cancer and heart disease combined, according to the Centers for Disease Control.

Suicide prevention is a community effort. MSB staff, students, parents and community can all make a difference. All school personnel and students are expected to help create a school culture of respect and support, in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell any staff member if they or a friend are feeling suicidal, or are in need of help. While confidentiality and privacy are important, students should know that when there is risk of suicide, safety comes first. If you know someone who is actively thinking of suicide, never leave that person alone, but get help immediately.

MSB has a Crisis Response Team in place to support any students in need of services. Starting no later than fifth grade, students will receive age appropriate information and instruction on suicide awareness and prevention. Information and instruction may be offered in health education, by the counseling staff or in other curricula as may be appropriate.

For a more detailed review of the Youth Suicide and Prevention Policy, it can be found on MSB's website in the Employee Manual or made available upon request.

### [ZAP \(Zeros Aren't Permitted!\)](#)

This program helps students avoid failing grades due to incomplete work. On a daily basis, students who have missing assignments will be assigned to the ZAP room to eat lunch and work on missing assignments.

## Clinical, Ancillary and Residential Services (CARS)

To qualify for Residential Services, the distance between the student's home and MSB must preclude daily travel. Clinical and Ancillary Services provide medical services, occupational, physical and speech/language therapies, audiological testing and licensed professional counseling. In the case of licensed professional counseling, referrals may be made by staff, parents/guardians and/or the student. Parents/guardians or students have the right to seek counselors or therapists outside the school.

### Activity Restrictions Due to Medical Reasons

It may be necessary for students who have had surgery or have health complications to be excused from certain activities as directed by a physician. In these cases, the doctor must send a note to the Health Center informing MSB staff of the restrictions. The physician must also follow up with a note when and if the restrictions are lifted.

### Dormitory Assignments

Students are assigned to dorms based on gender, age, maturity and/or specific needs. Each dorm is overseen by Residential Advisors. The number of advisors per dorm is determined by the number of students in each dorm and their individual needs. If concerns arise, every effort will be made to resolve the issue in a satisfactory manner. Each dorm consists of:

- Kitchen
- Recreation Room
- Bedrooms
- Shower
- Bathrooms
- Living/Dining Area

The dorm rooms have adequate storage space, a desk and a bed. Where appropriate, students are responsible for keeping their dorm clean.

MSB is pleased to offer select, Senior-level students the opportunity to live in the Independent Student Dorm (ISD). Students invited to live in the ISD have demonstrated the personal growth and responsibility, maturity and the Independent Living skills necessary to live independently, in a group setting, with minimal supervision.

The ISD is under the supervision of the Education Division through the MSB LIFE Staff. Students assigned to the ISD will meet with MSB LIFE Staff who will conduct regular inspections of the dorm, coordinate use of facilities with LIFE students, navigate their first independent experiences in communal life and serve as the first line of communication between the students and staff.

Students assigned to the ISD will continue to participate in all Residential Activities.

Living in the ISD is a privilege reserved for only the most mature and responsible students, therefore, students who have been invited to live in the ISD should consider the responsibility and commitment they are taking on carefully before moving in. Assignment to the ISD is based on availability of space and at the discretion of the MSB Superintendent and/or Assistant Superintendent or their designee. Students may be removed from the Independent Living Dorm at any time at the discretion of the Superintendent or Assistant Superintendent. If students are removed from the ISD, they will be provided housing in an available space in the Residential Division (preferential dorm or rooms may not be available and students should not assume that other students will be moved to accommodate their move).

All students assigned to the ISD must review and agree to the following rules and responsibilities.

### General Dormitory Rules

- Food and beverages may be eaten and stored in the dorm kitchens. Snacks are provided by Food Services, and students may bring snack items of their choice from home.
- Pictures, posters and other wall or door hangings may be affixed using wall tack in each living areas. Nails, tape, and adhesive of any kind are not permitted.
- Each dormitory has a television available for general use and rules of use are posted in each dorm. Students may use their own electronic equipment in their dorm room. Please make sure all items are clearly and permanently marked with the student's name and registered with a Residential Supervisor to ensure their security.
- Students may bring their own video games, CDs and/or DVDs, etc., up to a maximum of six items per device.
- Students should bring enough clothing for one week. Please label all clothing with the student's name with a permanent marker.
- Please include a robes and slippers to ensure student modesty at all times.
- Towels and bedding are provided by MSB. Students may bring bedspreads/comforters, blankets, pillows, stuffed animals, etc. to ensure their comfort.
- Please provide your student with a toothbrush, toothpaste, shampoo and other personal items.
- Curfew hours vary depending on the individual student's age, grade and maturity level and are enforced consistently.

## Health Center

MSB's Health Center staff consists of a nursing supervisor, registered nurses and licensed practical nurses. When physician specialist services are needed, the Health Center staff contacts the appropriate doctor. Other services (with parental consent) include:

- Medication Management and Administration
- Medical Examinations (as needed)
- First Aid

At the beginning of each school year, parents/guardians must provide information for their child's insurance, primary care physician, and pharmacy– if using an outside pharmacy. All medical charges are the responsibility of the parents/guardians and/or their private insurance company. Parents/guardians are promptly notified if their child becomes ill, needs emergency care or requires additional medical evaluation and/or treatment.

## Medications

Parents/guardians are responsible for providing all medications for their child and may use MSB's contracted pharmacist. All medications, including over-the-counter preparations, must have a physician's order, be in the original package, and be labeled with the following:

- Child's Name
- Medication Name
- Dosage and Dosage Frequency
- Dosage Directions
- Duration/Purpose
- Special instructions (if any)

Medications are stored and locked in the Health Center and are administered by the nursing staff. In cases of off-campus activities, the nursing staff gives the medications and the dosage instructions to a responsible staff person to administer. Please note: nursing personnel will not package more than one dose per child per off-campus activity.

## Recreation Areas

The following are additional areas provided for student use and may be used with appropriate staff supervision:

- Bowling Alley
- East and West Gyms
- East Garden
- Exercise Playground
- Fitness Center

- Student Center
- Swimming Pool
- Track

### Student Accounts

Parents/guardians are strongly encouraged to open and maintain a spending account while their child is enrolled at MSB. This gives students some spending money for snacks, field trips, or other activities. A recommended beginning is \$25. A monthly statement will be sent to parents/guardians upon request. Questions regarding accounts should be directed to the Business Office.

### Transportation

**Daily:** Daily transportation is provided through a contracted transportation service. Students may be transported by van, bus or a cab. In some cases, students may be transported by their local school district.

**Residential:** Bus service is provided each week to and from MSB and several designated bus stops around the state. Parents/guardians are responsible for getting their child to and from the bus stop at the times indicated on the yearly bus schedule mailed prior to the beginning of the school year. Parents/guardians may submit mileage reimbursement forms monthly to the Residential Services Administrator.

## Student Code of Conduct

### Philosophy

The MSB Code of Conduct defines acceptable and unacceptable behavior, disciplinary procedures and consequences and measures necessary to ensure safety on campus, to and from school and during all school-sponsored, residential and extracurricular activities. The Code of Conduct encompasses conduct off school premises which is prejudicial to good order and discipline in the school or school-related activities or which tends to impair the morale or good conduct of pupils.

Missouri School for the Blind administration, staff, students, parents/guardians, and community stakeholders believe that students learn best in an environment where high expectations for learning and behavior are set and maintained. The Code of Conduct is designed to foster student responsibility, respect the rights of others and to insure the orderly and safe operation of the school, residential life and school sponsored activities. No code can be expected to list each and every offense that may result in the use of disciplinary action. However, it is the purpose of this code to list specific offenses that, if committed by a student, will result in the imposition of a specific penalty.

Disciplinary actions are in line with the general provisions outlined in the Student Code of Conduct adopted by the State Board of Education. In addition, MSB follows the [Federal Regulations regarding discipline for disabled students as specified by IDEA](#)<sup>10</sup>. A link is also provided on the [MSB website](#)<sup>11</sup>.

Any conduct not listed here, or an aggravated circumstance of any offense or an action involving a combination of offenses, may result in disciplinary consequences that extend beyond this Code of Conduct as determined by MSB Superintendent or Assistant Superintendent.

### Disciplinary Actions Defined

The following disciplinary actions reflect interventions that are available to the staff in handling disciplinary matters. At the discretion of the Superintendent or Assistant, alternative actions including but not limited to: time out, a change in the student's schedule or length of school day, separation from peers at lunch, recess or during the evening hours, or parental notification may be considered.

---

<sup>10</sup> <https://www.parentcenterhub.org/disciplineregs/>

<sup>11</sup> [www.msb.dese.mo.gov](http://www.msb.dese.mo.gov)

### Student Conference (Informal Talk/Counseling)

A school official (counselor, supervisor or administrator) will talk with the student regarding the student's behavior. The school official will review the student's behavior and reinforce appropriate behaviors. The official will ensure that the student understands the appropriate school behaviors and rules. Parent/guardian will be notified at the discretion of administration.

### Parent/Guardian Contact

Parent(s)/guardian(s) are notified of student's behavior and consequences/disciplinary action taken.

### Detention

Detention will be held during lunch or after school under the supervision of a staff member.

### Assignment of Extra Duty or Extra Work

Depending on the nature of the behavioral infraction, duties or extra work may be assigned to match the nature of the offense and to be completed by the student on his/her own time. These duties or extra work shall be assigned and evaluated by a teacher or administrator.

### Deprivation of Privileges

Extracurricular activities are special privileges offered to enhance the student's overall learning experience. Field trips, attendance at non-academic assemblies, participation in sporting activities and other special events are privileges, not rights. Any or all of these privileges may be revoked. Parents/guardians will be notified.

### Restitution

Students will be expected to pay for and/or restore school property which they have vandalized, damaged, lost, or stolen. The parent/guardian will be notified.

### Assignment to Alternative/In-School Suspension (ISS)

The Assistant Superintendent may determine that the student be placed in an in-school suspension for a specified number of days during regular school hours. The student is required to complete class assignments and may earn credit for work completed. All extracurricular activities will be suspended for that day. The parent/guardian will be notified.

### Dorm Restriction/Sight Patrol

Dorm Restriction/Sight Patrol means that students are expected to stay in their dorm unless they are accompanied by a staff member. Students may attend activities (unless otherwise noted) but they will be partnered with an adult, as opposed to a peer. Students who are on Sight Patrol should be within a staff member's "sights" at all time. Sight Patrol can be used for a variety of infractions of the code or for students own safety.

### Room Restriction (Dorm)

A residential student will be confined to their assigned dorm room except for when escorted by a residential advisor for meals or emergencies. Note: Due to the nature of offenses which require Room Restriction, a period of Room Restriction is often followed by Dorm Restriction until a student has regained all of their privileges.

### Out-Of-School Suspension (OSS)

The Assistant Superintendent can suspend a student for a period of time not to exceed ten school days. Depending on the severity of the incident, the Assistant Superintendent, after an administrative hearing/review, may refer a discipline case to the Superintendent, who may in turn extend the student's suspension for a period of time not to exceed 180 school days. Out-of-school suspension requires that the student be deprived of the privilege of attending school for the number of days specified. All extracurricular privileges are also suspended. A contract may be written which stipulates behavioral expectations and consequences for misbehavior. Any student who is on suspension for any offense identified in this Code, a Safe School violation, an act of violence, or drug-related activity will have as a condition of his/her suspension the requirement that such student is not allowed, while on such suspension, to be within 1,000 feet of any public school in Missouri where such student attends unless such student is under the direct supervision of the student's parent or legal guardian or custodian. If a student who has been suspended from school is found on school property without permission, trespassing charges will be filed and additional disciplinary actions will be taken.

### Out-of-Dorm Suspension (ODS)

The Assistant Superintendent may suspend a student from the MSB dorms for a period of time up to 10 days.

### Disciplinary Procedures/Consequences

The following section lists the types of disciplinary action that will be taken for each disciplinary violation. In each instance a minimum and a maximum action is listed, as well as an action for the first occurrence and one for repeated occurrences. The MSB administration will consider the following circumstances prior to disciplinary action:

- The seriousness of the offense
- The student's behavior
- Past behavior of the student
- The student's pattern of misconduct
- The student's degree of cooperation
- Attendance patterns and academic progress

- The safety and welfare of the students
- Age/academic placement of student

NOTE: All disciplinary actions will be determined at the discretion of the Assistant Superintendent or Residential Services Administrator. Safe schools violations are referred to the Superintendent. All infractions of the Disciplinary Code under the purview of the Education Program will be recorded in the Tyler Discipline Log and entered into the student’s permanent record. All infractions under the purview of the Residential Program will be recorded by the Residential Services Administrator.

Academic Preparedness

Every student should arrive at school and at each class on time prepared to learn. This includes, but is not limited to, having all necessary materials and supplies needed for class and entering with the purpose of participating and exhibiting proper academic effort.

Education Program

First Offense: Student Conference (Informal Talk/Counseling)  
 Second Offense: Parent/Guardian Contact  
 Repeat Offense: Detention

Residential Program

First Offense: Not Applicable  
 Second Offense: Not Applicable  
 Repeat Offense: Not Applicable

Alcohol, Drugs and Drug Paraphernalia

The use, possession, distribution, transfer and/or sale of any drug, alcohol, narcotic or noxious substances, counterfeit (look-alike) drugs, depressants, drug related paraphernalia, stimulants or hallucinogens of any type is expressly prohibited while on school property or at school sponsored activities. Controlled substance means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 USC 812 (c)). Illegal drug means a controlled substance but does not include such a substance that is legally possessed or used under the supervision of a licensed healthcare professional or that is legally possessed or used under any other authority under that Act or under any other provision of federal or state law. Over-the-counter and prescription medications are kept in the Health Center and administered by the school nurses or MSB staff. Offenders are subject to disciplinary action; police may be notified in instances involving the possession or sale of illicit drugs.

Attendance

Regular school attendance is essential to academic success. MSB strives to meet attendance standards for state accreditation. Students and their parents/guardians are responsible for student attendance. Students are considered absent when they are not in attendance in class. This includes students who are not at school as well as students who are in the MSB Health Center or otherwise not present for instructions. Students who are in Related Services or school-sponsored activities or attending class virtually with prior administrative approval are not considered absent.

Parents/guardians are to notify the school in the event a student is absent, otherwise the absence will be considered truancy. Students who are absent without an excuse in excess of ten (10) consecutive days will be referred to their local school district. Students are responsible for making up work from absences and tardies in a timely manner. In general, make-up work should be assigned as soon as possible and turned in within the same number of days as the student was absent. For example, if a student is absent/tardy one day, they have one day to make up their work. Likewise, if a student is absent three days, they will have three days to make up their work. Unexcused absences or tardiness deemed to be within the control of the student in excess of three school days will result in disciplinary measures.

### Harassment/Intimidation/Bullying

Respect for the dignity of others is the cornerstone of civil society. Harassment/Intimidation and/or Bullying creates an atmosphere of fear that robs a person of their dignity and detracts from the safe environment necessary to promote student learning and will not be tolerated at Missouri School for the Blind. Students who Harass/Intimidate or Bully another person or instigate another person to do so on their behalf shall be held accountable for their actions. Actionable behaviors can occur at school or a school-sponsored activity, during residential or travel time, and through verbal interaction, physical intimidation and/or written or electronic communication or social media.

Words and/or actions directed toward an individual or group of individuals that intimidates bullies, degrades, hazes and/or fails to respect another person's dignity is considered Harassment/Intimidation and/or Bullying. Harassment/Intimidation and/or Bullying includes, but is not limited to, references made to a person or groups based upon a person's age, sex, race, religion, ethnic origin, or disability. Verbal comments, sexual name-calling, gestures, jokes, slurs and spreading sexual rumors directed toward an individual or groups are also considered harassment. Sexual harassment is defined as unwelcome sexual advances, request for sexual favors, or other verbal or physical conduct of a sexual nature. Bullying includes sarcastic "compliments" about another student's personal appearance, pointed questions intended to embarrass or humiliate, mocking, taunting, or belittling, non-verbal threats and/or intimidation such as "fronting" or "chesting" a person. Demeaning humor, blackmail, extortion, demands for money or loans, stealing or hiding belongings, threatening to physically harm another student, or cyberbullying are all forms of Harassment/Intimidation and Bullying. This includes electronic forms of communication and Social Media.

### Improper Dress

Students are expected to be groomed and dressed appropriately for school and school-related activities. Clothing with undue exposure of the body is not permitted; i.e., backless and tube tops, muscle shirts, sleeveless shirts, tank tops, spaghetti straps and/or see-through clothing. Safe footwear must be worn at all times. Students may wear billed hats and sunglasses inside for the purpose of glare reduction as a result of their eye condition. Documentation of specific need may be required by the Assistant Superintendent. Students may not wear hoodies, hats, or sunglasses indoors as fashion accessories. Any insignia/slogans that are offensive, profane, and sexually suggestive or promote illegal substances, including tobacco and alcohol are not permitted. Articles of clothing are to be worn the way they were designed to be worn. Any clothing causing a disruption or considered distracting to the learning process is prohibited. When in the judgment of the Assistant Superintendent or Residential Services Administrator, a student's appearance or mode of dress may disrupt the educational process or constitute a threat to health or safety, the student may be required to make modifications. (Exceptions to this policy may be made for residential students in the privacy of their dormitories at the discretion of Residential Supervisors).

## Associated Disciplinary Policies

### Corporal Punishment (Prohibited)

No person employed or volunteering on behalf of Missouri School for the Blind shall administer or cause to be administered corporal punishment upon a student attending Missouri School for the Blind. A staff member may, however, use reasonable physical force against a student without advance notice to the Assistant Superintendent, if it is essential for self-defense or for the protection of other persons. Legal Reference: RSMo 160.261.

### Reporting of School Violence

In compliance with 160.261, RSMo, administrators will, as required by law, report acts of school violence to teachers and other school employees on a need to know basis, in a timely manner. "Need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002, RSMo, to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School Administrators will report, in compliance with 160.261, RSMo, to law enforcement agencies any of the following felonies: murder, kidnapping, assault, rape, sodomy, burglary, robbery, distribution of drugs, arson, voluntary manslaughter, felonious restraint, property damage in the first degree, possession of a weapon, child molestation, deviant sexual assault, sexual misconduct involving a child and sexual abuse. (See 160.261 for specific definitions). Legal Reference: 160.261.2, RSMo.

### IEPs and Violent Students

Any section of a student's individualized education plan that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. Legal Reference: Section 160.261.2 RSMo.

## Anti-Bullying Policy

MSB's anti-bullying policy is designed to provide a safe and civil environment, conducive to learning, living and teaching in an environment free from threat, harassment and any type of bullying behavior.

### Bullying

Bullying is defined as intimidation, unwarranted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her emotional or physical safety or property or substantially interferes with the educational performance, opportunities or benefits of any student without exception or substantially disrupts the orderly operation of the school. Bullying of students is prohibited on all school property, at any school function, as well as on school busses. Bullying may consist of physical actions, oral intimidation, electronic or written communication, threats of retaliation for reporting such acts and/or offensive gestures.

### Cyberbullying

Cyberbullying is defined as bullying under this policy through the transmission of a communication including, but not limited to, a message, social media post, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. Pursuant to Missouri Statute Section 160.775, MSB has jurisdiction to prohibit cyberbullying that originates on a school's campus or at a school activity if the electronic communication was made using the school's technological resources, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the school's campus or at an MSB activity using the student's own personal technological resources. MSB may discipline any student for such cyberbullying to the greatest extent allowed by law.

### Discipline

Students shall be held accountable for bullying and/or cyberbullying behavior, pursuant to the student code of conduct.

### Student and Employee Reporting

Students are encouraged to immediately report any incident they consider to be bullying to their teacher, house parent, school/residential supervisors or the Assistant Superintendent or Residential Life Administrator.

MSB employees are required to report all incidents, regardless if the incident is a first-time offense or repetitive, to the Assistant Superintendent or his/her designee during education hours or the Residential Life Administrator or his/her designee during residential hours. Specifically, an employee who witnesses an incident of bullying must report the incident to the

Assistant Superintendent or his/her designee or the Residential Life Administrator or his/her designee, verbally and in writing, by the end of the employee's shift. Failure to do so, shall be grounds for personnel action.

Within 24 hours of receiving the report, the Assistant Superintendent or his/her designee or the Residential Life Administrator or his/her designee must initiate an investigation of the incident. The Assistant Superintendent or Residential Life Administrator may appoint other school staff to assist in the investigation, as needed. The investigation shall be completed within five school days from the date of the written report, including the findings of the supervisor. By the end of business on the fifth day, the written report and findings will be submitted to the Assistant Superintendent, who will maintain a file of all reports.

MSB prohibits reprisal or retaliation against any person who reports an act of bullying.

### [Publication and Training](#)

This policy will be publicized annually in the Student Handbook & Code of Conduct, as well as the Employee Manual. MSB will provide annual notice of the policy to students, parents or guardians and staff.

All employees of MSB shall receive information regarding this policy and staff who have significant contact with students will receive annual training related to MSB's bullying policy to enable them to implement the provisions of the policy in the course of their duties.

Students will receive education and information regarding bullying, including information regarding this policy, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports any act of bullying. To this end, the administration will instruct the counselor to educate students who are victims of bullying on techniques for students to overcome bullying's negative effects. Such techniques shall include, but not be limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself or herself assertively and effectively; helping the student develop social skills; or encouraging the student to develop an internal locus of control. The administration shall implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying. ## Attendance Policy and Procedures

All MSB students are required by state law to attend school until the age of 17 years. Students are to attend school daily with the following exceptions, which are excused absences:

- Illness
- Doctor/clinic appointments
- Death in immediate family;
- Parental requests to Asst. Superintendent
- Transportation problems
- School-sponsored activities.

### Notification of Absences

- Absences from campus for reasons other than those listed above are considered unexcused.
- A parent/guardian or responsible party must notify the education office at extension 314-633-3942 or the residential office at 314-633-3931 when the student must be absent.
- Parents/guardians of local students should also notify the bus company that their child will not be riding the bus in advance of scheduled pick up.
- For school-sponsored activities, each student is responsible for notifying their teachers of the anticipated absence and making arrangements for missed assignments to ensure a satisfactory grade.

### Absenteeism

Parents/guardians and student should use the following guidelines when absences occur:

1. Parents/guardians are to call MSB to report the status of their child if they are ill or for other emergency situations;
2. Students are allowed 5 days per semester or 10 days per year due to illness or family emergencies. Eligibility to receive academic credit and/or promotion to the next grade level can be impacted by absentee rate of students.

### Tardiness

Students are tardy if they are not in their assigned classroom when class is scheduled to start. These students are reported to the education office in the student information system. A written excuse from the staff member involved is required when a student is late from another class or appointment. Students who are tardy for class without a written excuse are required to get a note from the Education Office.

### Make-up Work

Work missed due to an absence must be made up. Students will be given the same number of days to hand in their assigned work as they were absent. For example, if a student is absent three (3) days, they will be given three (3) days to hand in their make-up work before being assigned to the ZAP Room as detailed on page 9. It is the student's responsibility to make appointments with the teacher for make-up work. Regardless of the reason for absence, all work must be made up for full credit to be given. Assignments may be requested through the Education Office for absences lasting more than two days.

## Student Records

Permanent records are kept in the Assistant Superintendent's Office and include grades, physical and eye examinations, standardized testing scores, progress reports, discipline records, IEPs, three-year evaluations and other pertinent information. These records are released only with parent or student (18 years of age) written permission.

After five years post-graduation, MSB is required to inform students and/or parents/guardians by letter when personally identifiable information is no longer needed for educational services. "Personally identifiable" information includes: child/parent or family names, addresses, social security or student I.D. numbers; or other information that would make identification possible. MSB maintains permanent records of all students' names, addresses, phone numbers, grades, attendance, transcripts, grade level and year completed. Any additional information not listed will be destroyed or sent to the parent/student if requested.

## Student Directory Information

Directory information may be released by school officials. This includes print and electronic publications of the school that, if disclosed, would not be considered as determined by Missouri School for the Blind as harmful or an invasion of privacy. This information may be released without prior written consent to parent and student organizations and to outside organizations including, but not limited to, companies that manufacture class rings or publish yearbooks. Other examples include play bills for school productions, yearbooks, honor roll or other recognition lists, graduation programs and sports activity sheets.

Missouri School for the Blind designates the following items as Directory Information: student's name, parent's name, address, telephone number, electronic mail address, date and place of birth, grade level, major field of study, enrollment status, participation in officially recognized activities and sports including audiovisual or photographic records of the openly visible activities thereof, weight and height of members of the athletic teams, dates of attendance, degrees, honors, awards received, most recent previous school attended and photographs, including photos of regular school activities that do not disclose specific academic information about the child and/or would not be considered harmful or an invasion of privacy. Parents/guardians of a student under 18 and students 18 or older have ten (10) school days after this annual public notice is published to view the student's Directory Information and to provide notice in writing to the school that they choose not to have this information released. Unless notified to the contrary in writing within the ten (10) school day period, MSB may disclose any of those items designated as Directory Information without prior written consent. Parents/guardians or students who do not want this information released should write to the attention of:

Joy Waddell, Asst. Supt.  
Missouri School for the Blind  
3815 Magnolia Avenue  
St. Louis, MO 63110

## Student Complaints and Grievances

The purpose of a complaint procedure is to provide students with a channel of communication which is fair, clear and always available for finding solutions to problems. The grievance procedure provides both a remedy for the student and a process for the school to identify areas where changes need to be made. Nothing contained in this procedure shall deprive any student of any legal right or rights under existing school regulations or State Board of Education policies. Any alleged act of unfairness or any decision made by school personnel who students and/or parents/guardians believe to be unjust or in violation of pertinent policies of the Board or individual school rules, may be appealed to the Assistant Superintendent or a designated representative.

The following guidelines are established for the presentation of student complaints and grievances:

- The student will first attempt to resolve the problem informally. The student will meet with the person against whom he/she has the complaint in an effort to resolve the problem. A teacher, school counselor, or residential advisor may assist with this process.
- If the problem is not resolved to the satisfaction of the student, the student may appeal the complaint in writing to the Assistant Superintendent or the Residential Services Administrator by requesting a conference.
- The Assistant Superintendent or Residential Services Administrator shall schedule a conference in a timely manner with the student and any staff members involved resolving the problem. Parents/guardians may be involved in the conference, or a conference for the parents/guardians may be scheduled at a later date at the discretion of the Assistant Superintendent.
- If the matter is not resolved to the satisfaction of the student, he/she may appeal to the Superintendent or his/her designee by submitting his/her complaint in writing to the Superintendent. The Superintendent shall arrange a conference with the student and any staff members involved resolving the problem and informing participants of the action that will be taken. The Superintendent will render his/her decision in writing and submit to the student.
- In the event the matter is not resolved to the satisfaction of the student through the preceding steps, he/she may appeal the decision of the Superintendent to the Assistant Commissioner for Special Education of the Missouri Department of Education. The student will submit a written request to the Assistant Commissioner. Within thirty (30) days, the Assistant Commissioner or designee may conference with parties involved to

resolve the complaint. The decision of the Assistant Commissioner will be entered in writing within five days. The decision of the Assistant Commissioner will be final.

All persons are assured that they may utilize this procedure without reprisal. All records of notices, conferences and actions taken to resolve student complaints and grievances will be filed and identified as grievance records and will not be placed in the individual's file.

### Discrimination Complaint Resolution

The Missouri Department of Elementary and Secondary Education (the Department) has developed a complaint procedure providing for prompt and equitable resolution of complaints alleging compliance by the Department with Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Title II of the Americans with Disabilities Act of 1990 and the Americans with Disabilities Act Amendments of 2008 (ADAAA), the Genetic Information Non-Discrimination Act (GINA) or USDA VI.

The Department is committed to maintaining an environment that is free from illegal discrimination in its programs, activities and facilities. Any person who believes s/he has been subjected to discrimination on the basis of race, color, religion, gender, sexual orientation, national origin, age, veteran status, mental or physical disability, or any other basis prohibited by statute, in a program, activity or facility administered or operated by the Department, may file a complaint under this procedure. Retaliation against a person who files a complaint of discrimination pursuant to the complaint procedure is prohibited.

A complaint pertaining to a Department program, facility or activity, with the exception of complaints related to the operation of the School Foods Services Program, must be submitted to the Department's Civil Rights Compliance and MOA Coordinator (Title VI/Title IX/504/ADA/Age Act), Department of Elementary and Secondary Education, Jefferson State Office Building, 5th floor, 205 Jefferson Street, P.O. Box 480, Jefferson City, Missouri 65102-0480; telephone number 573-526-4757 or TTY 800-735-2966; email [civilrights@dese.mo.gov](mailto:civilrights@dese.mo.gov). Complaints alleging discrimination by the Food and Nutrition Services Section, should be forwarded to the United States Department of Agriculture (USDA). To file a program complaint, complete the USDA Program Discrimination Complaint Form or write a letter addressed to USDA and provide the information requested in the form. To request a copy of the form, call (866) 632-9992. Submit your completed form or letter to USDS by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: [program.intake@usda.gov](mailto:program.intake@usda.gov). All USDA complaints should also be sent to the Department's Office of Chief Counsel at [counsel@dese.mo.gov](mailto:counsel@dese.mo.gov) or Office of the Chief Counsel, 6th Floor, 205 Jefferson Street, P.O. Box 480, Jefferson City, MO 65102-0480.

## Procedure

1. A complaint must be submitted in writing, or other accessible format suitable to the person, to the Department's Civil Rights Compliance Coordinator (Coordinator) within 45 calendar days of the date the person filing the complaint becomes aware of the alleged discrimination.

The complaint must contain the name and address of the person filing it. Complaints must state the problem or action, including any allegation of misconduct, discrimination, harassment and/or retaliation in sufficient detail to include but not be limited to dates, witnesses, locations, etc.; the requested outcome; and the protected class to which the individual belongs.

The person or person's legal representative must sign the complaint.

2. The Coordinator shall conduct a prompt and thorough investigation of each complaint received. This investigation shall afford all interested persons an opportunity to submit evidence relevant to the complaint. The Coordinator shall maintain files and records relating to the complaint. Further, to the extent allowed by law, the Coordinator shall maintain the confidentiality of the person filing the complaint. This shall not prohibit the Coordinator from consulting with Department legal counsel regarding the investigation and the drafting of a decision.
3. The Coordinator will issue a report in writing to the appropriate Department Division/Office Administrator outlining what action, if any, will be taken in regard to the complaint no later than 30 working days after its filing. If the Coordinator, for good reason, is unable to reach a decision within the 30 working day time period, s/he shall notify the person as to the reason for the delay and the additional time needed to reach a decision. Should the Division/Office Administrator find misconduct, discrimination harassment, and/or retaliation within a Department program or activity, the Department will take immediate steps to make the correction and to prevent its recurrence.
4. The person filing the complaint may appeal the decision within 10 working days of the receipt of the decision by writing to the Commissioner of Education, Missouri Department of Elementary and Secondary Education, Jefferson State Office Building, 6th Floor, 205 Jefferson Street, P.O. Box 480, Jefferson City, Missouri 65102-0480; telephone number 573-751-4446.

The filing of the appeal authorizes the Commissioner of Education (Commissioner), or his/her designee, to review all information. The Commissioner or his/her designee will

review the person's statement of appeal and the factual findings of the Division/Office Administrator's decision to arrive at an independent conclusion.

The Commissioner, or his/her designee, will issue a decision in writing or other accessible format suitable to the person within 10 working days after receiving the appeal. If the Commissioner or his/her designee, for good reason, is unable to reach a decision within the 10 working day period, s/he shall notify the person as to the reason for the delay and the additional time needed to reach a decision. Should the Commissioner or his/her designee find discriminator within a Department program or activity, the Department will take immediate steps to make the correction and to prevent its recurrence.

The availability and use of this complaint procedure does not prevent a person from filing a complaint with appropriate state or federal agencies, including the U.S. Department of Education, Office of Civil Rights, One Petticoat Lane, 1010 Walnut Street, Suite 320, Kansas City, Missouri, 64106; telephone number 816-268-0550; FAX 816-823-1404; TDD 877-521-2172; email [OCR.KansasCity@ed.gov](mailto:OCR.KansasCity@ed.gov).

Department employees with questions about the Department Non-Discrimination Policy and Internal Investigations Policy should consult Personnel Policies 000-010 and 000-015.

## Statement of Non-Discrimination

It is the policy of the Missouri Department of Elementary and Secondary Education not to discriminate on the basis of race, color, religion, gender, sexual orientation, national origin, age, veteran status, mental or physical disability, or any other basis prohibited by statute in its programs or employment practices as required by Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975 and Title II of the Americans with Disabilities Act of 1990, and the Americans with Disabilities Act of 2008 (ADAAA), the Genetic Information Non-Discrimination Act (GINA), or USDA Title VI.

Direct inquiries related to department employment practices to the Jefferson State Office Building, Human Resources Director, 205 Jefferson Street, Jefferson City, Missouri 65102-0480; telephone number 573-751-9619. Inquiries related to department programs and to the location of services, activities, and facilities that are accessible by persons with disabilities may be directed to the Jefferson State Office Building, Director of Civil Rights Compliance and MOA Coordinator (Title VI/Title VII/Title IX/504/ADA/ADAAA/Age Act/GINA/USDA Title VI), 5th Floor, 205 Jefferson Street, P.O. Box 480, Jefferson City, MO 65102-0480; telephone number 573-526-4757 or TTY 800-735-2966; fax number 573-522-4883; email [civilrights@dese.mo.gov](mailto:civilrights@dese.mo.gov).

Anyone attending a meeting of the State Board of Education who requires auxiliary aids or services should request such services by contacting the Executive Assistant to the State Board of Education, Jefferson State Office Building, 205 Jefferson Street, Jefferson City, MO 65102-0480; telephone 573-751-4446 or TTY: 800-735-2966.

Inquiries or concerns regarding civil rights compliance by school districts or charter schools should be directed to the local school district or charter school Title IX/non-discrimination coordinator. Inquiries and complaints may also be directed to the Office for Civil Rights, Kansas City Office, U.S. Department of Education, One Petticoat Lane, 1010 Walnut Street, 3rd floor, Suite 320, Kansas City, MO 64106; telephone: 816-268-0550; TDD: 877-521-2172.
