

MISSOURI SCHOOL FOR THE BLIND

December 14, 2021

INSTRUCTIONS: FEDERAL CENSUS FOR INDIVIDUALS WHO ARE DEAF-BLIND

The Missouri Deaf-Blind Technical Assistance Project (MoDBTAP) is conducting the yearly federally-mandated census of students who are Deaf-Blind (birth through 21 years of age) in the State of Missouri. The Deaf-Blind Census includes any student who has a documented vision and hearing loss (dual sensory loss). These students do not need to be legally blind nor do they need to have a severe to profound hearing loss. When both visual and hearing loss of any degree are present, register the student on the Deaf-Blind Census, even if the student was counted in the Child Count under a different disability category or they are not receiving Part B or Part C services from your local school district.

The annual Deaf-Blind Census qualifies educators and/or any other team providing services to students with dual sensory loss, including their families, for technical assistance, in-service training and consultation at no cost.

All educational programs must reply concerning their program's status.

INSTRUCTIONS FOR COMPLETING THE CENSUS FORMS (Yellow Forms):

For additional guidance please see enclosed "ELIGIBILITY CHART: COMBINATION OF VISION AND HEARING LOSS," "MO Deaf-Blind Census Reporting Flow Chart" and "FREQUENTLY ASKED CENSUS QUESTIONS."

If you have new students to report: (refer to "ELIGIBILITY CHART: COMBINATION OF VISION AND HEARING LOSS")

- Make one copy of the "MO Deaf-Blind Census Reporting Form" and the "Parent/Guardian Release of Information Form" for each new student to be reported. Complete and return the Census Reporting Form and the Parent/Guardian Release of Information Form (ROI) via one of the contact methods below.
- If you are unable to get the ROI signed and returned by the due date, please send the Census Reporting Form without it and return the signed ROI as soon as possible, as this is required to be included on the census.

If you have continuing students to report:

- Update the information on the enclosed pre-filled census data sheet "2021 Deaf-Blind Census Reporting Summary" for each student. **Please be sure to check any highlighted fields for accuracy, as reporting codes have changed.** Make one copy of the "Parent/Guardian Release of Information Form" for each continuing student, obtain Parent/guardian signature and return both forms via one of the contact methods below.

If you have a child/student who is no longer enrolled with your agency or if the district/agency does not have student(s) to report:

- If you need to remove a student from the census. Fill out the "NO LONGER ENROLLED/NONE TO REPORT FORM" and provide as much information as possible. Return the form via your preferred contact method below.
- If you do not have students with combined vision and hearing losses to report. Complete the "NO LONGER ENROLLED/NONE TO REPORT FORM" and return it via one of the contact methods below.

3815 Magnolia Avenue, St. Louis, Missouri 63110

(314) 776-4320

Superintendent Fax: (314) 772-1561

www.msb.dese.mo.gov

PLEASE NOTE: The term "**infants and toddlers with deafblindness**" means students, from birth through age 2, who are experiencing developmental delays in hearing and vision, have a diagnosed physical or mental condition that has a high probability of resulting in developmental delays in hearing and vision, or are at risk of having substantial developmental delays in hearing and vision.

Intervener Services- On the last page of the form, after school information, there is a question about whether or not the child is receiving "Intervener Services." Intervener services provide access to information and communication and facilitate the development of social and emotional well-being for children who are Deaf-Blind. In educational environments, intervener services are provided to a student, typically by a paraprofessional, who has received specialized training in deafblindness and the process of intervention through the Open Hands, Open Access (OHOA): Deaf-Blind Intervener Learning Modules with coaching support from MoDBTAP staff. An intervener provides consistent one-to-one support to a student who is deaf-blind (age 3 through 21) throughout the instructional day.

Completed forms should be returned via one of the contact methods below no later than **February 1, 2022**.
