

Vision Education Service Providers **(Missouri Certificated in the Education of Students with Visual Impairments or TVIs)**

Updated September 2022

The following individuals and agencies have indicated their availability to provide contractual services. This listing was developed, with the consent of those identified on it, for distribution to educational teams seeking to contract for services. As a courtesy to those on the listing, please do not use their names for mailing or for purposes other than that for which it was intended. (Note: This is not a comprehensive listing of certified personnel.) It is the responsibility of the Local Education Agency/State Education Agency (LEA/SEA) contracting for the services to verify the training and certification of the service provider. Missouri School for the Blind has no role in arranging or providing contractual services. Responsibility for the contractual arrangement remains solely between the LEA/SEA and the service provider.
